

Thank you for visiting our Web site. If you have questions or want additional information about our monitoring program, please contact Shannon Berry at berrysk@dhec.sc.gov or call Shannon at 803-898-3541.

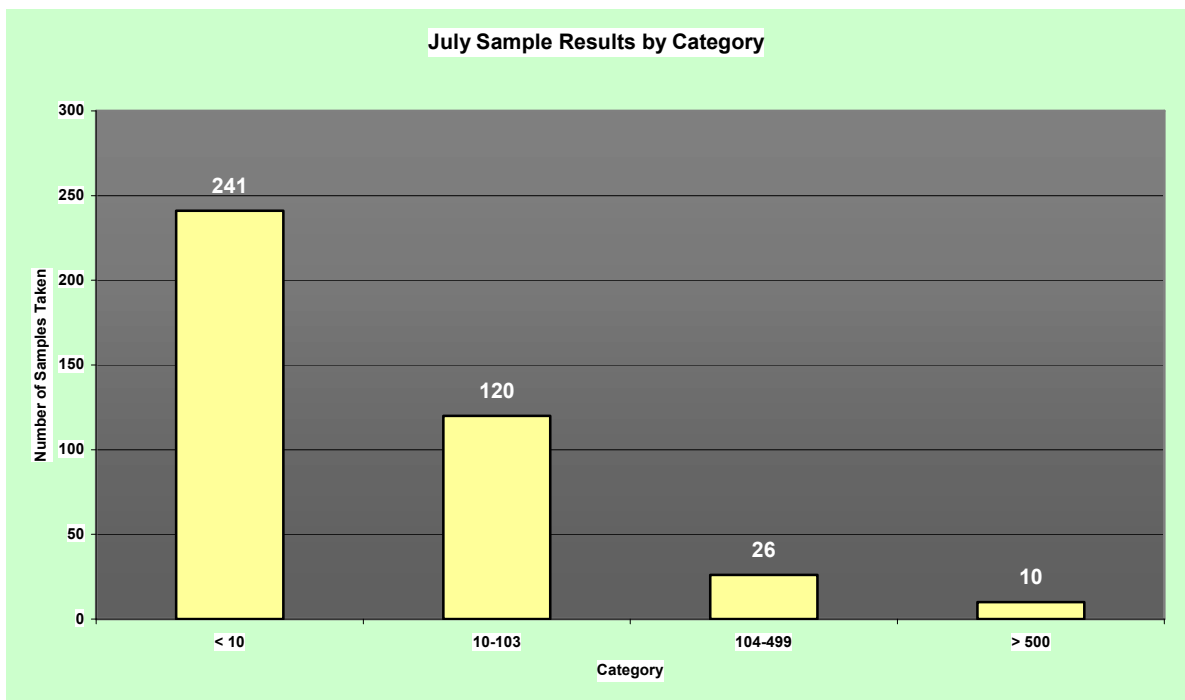

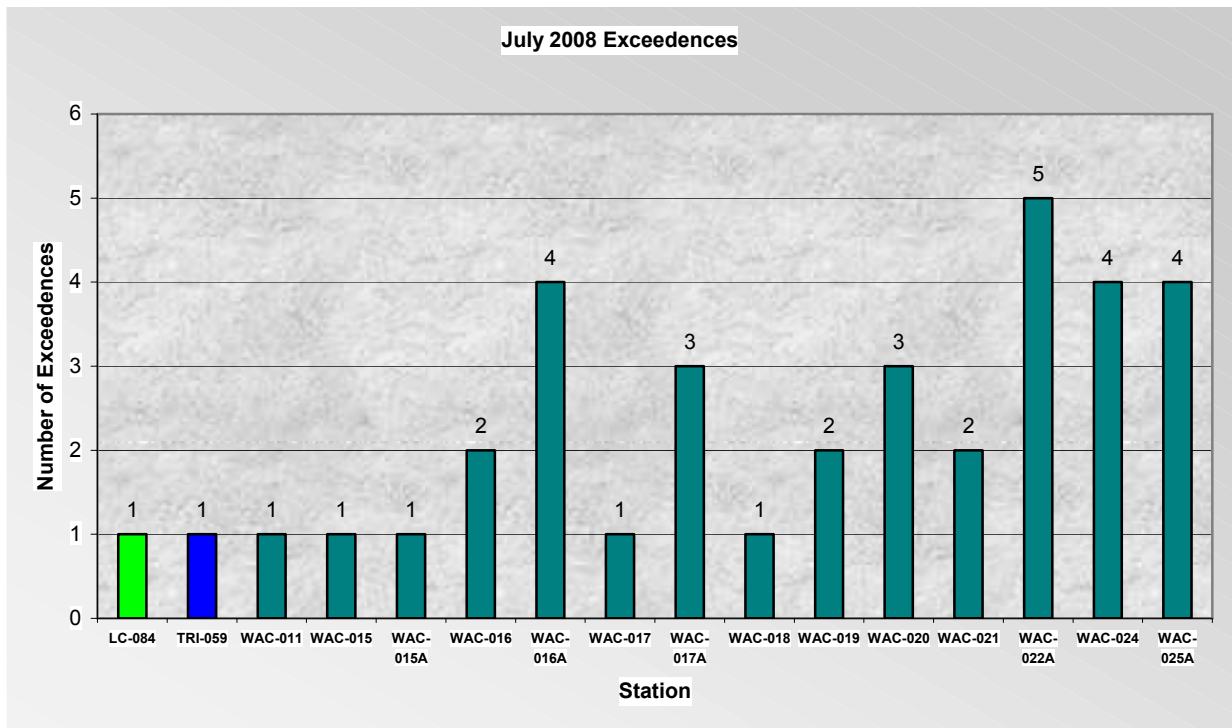

Seabrook Island

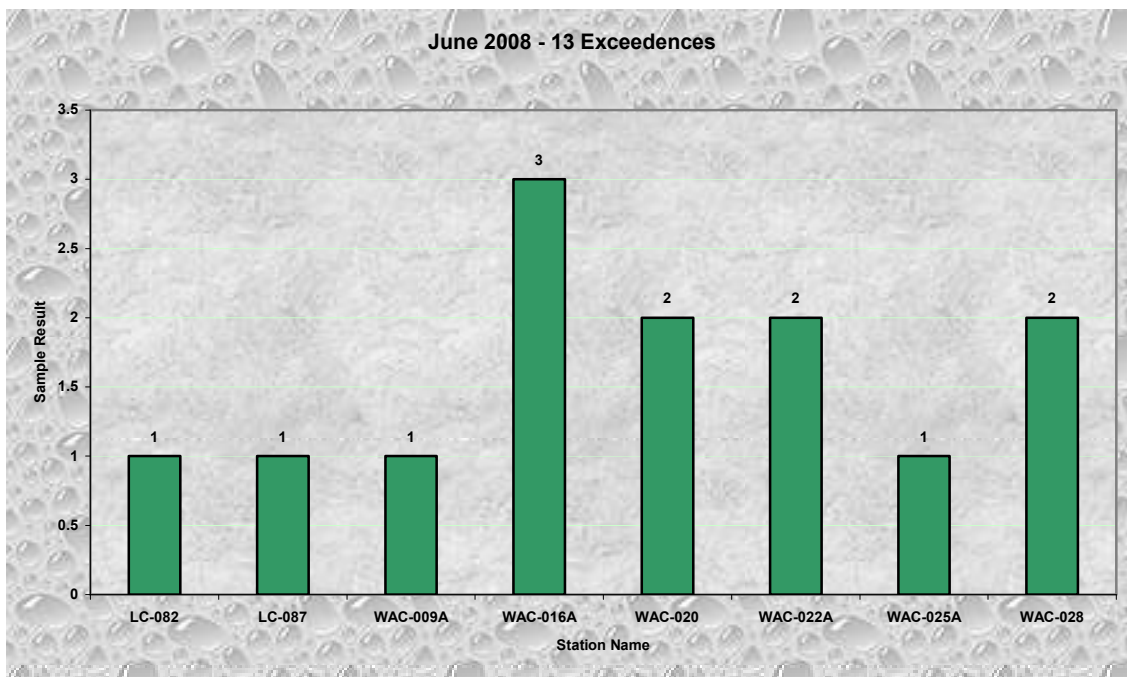

In August 390 samples were collected of which 19 exceeded the standard. Tropical Storm Fay brushed the coast and Hurricane Gustave caused some beach erosion.

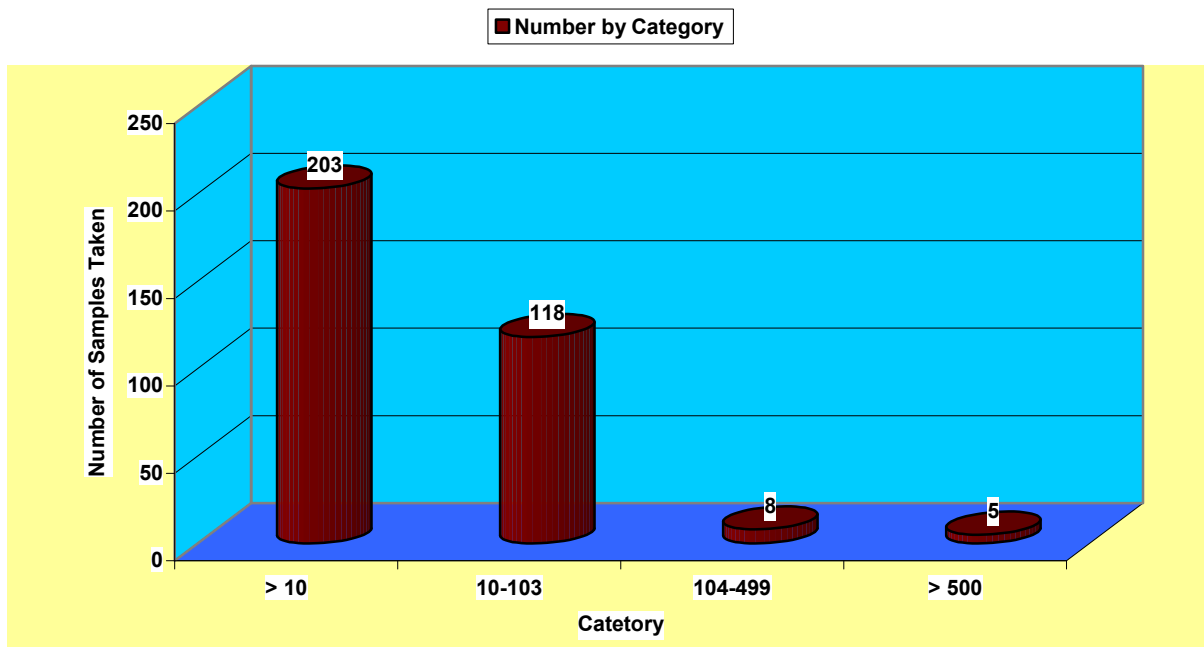

There were 36 exceedences in July. 397 samples were taken.

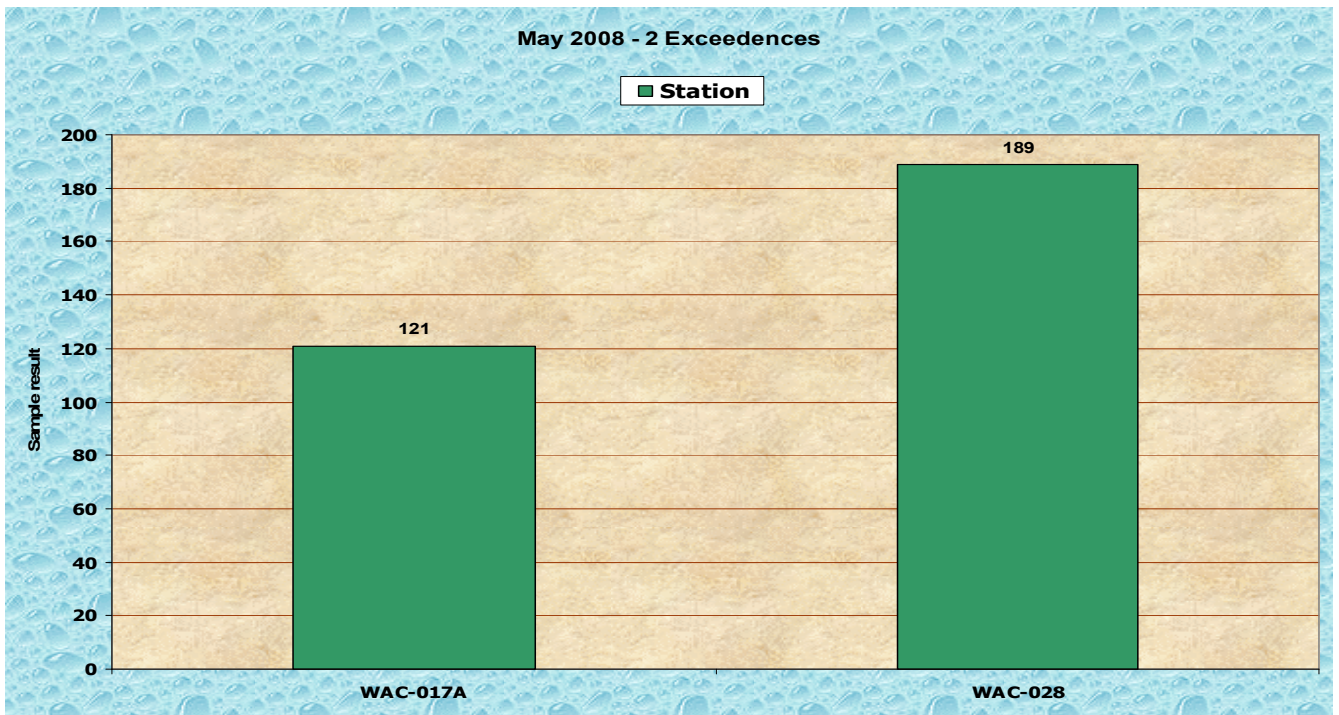

June 2008 had 13 exceedences in the 334 samples taken.

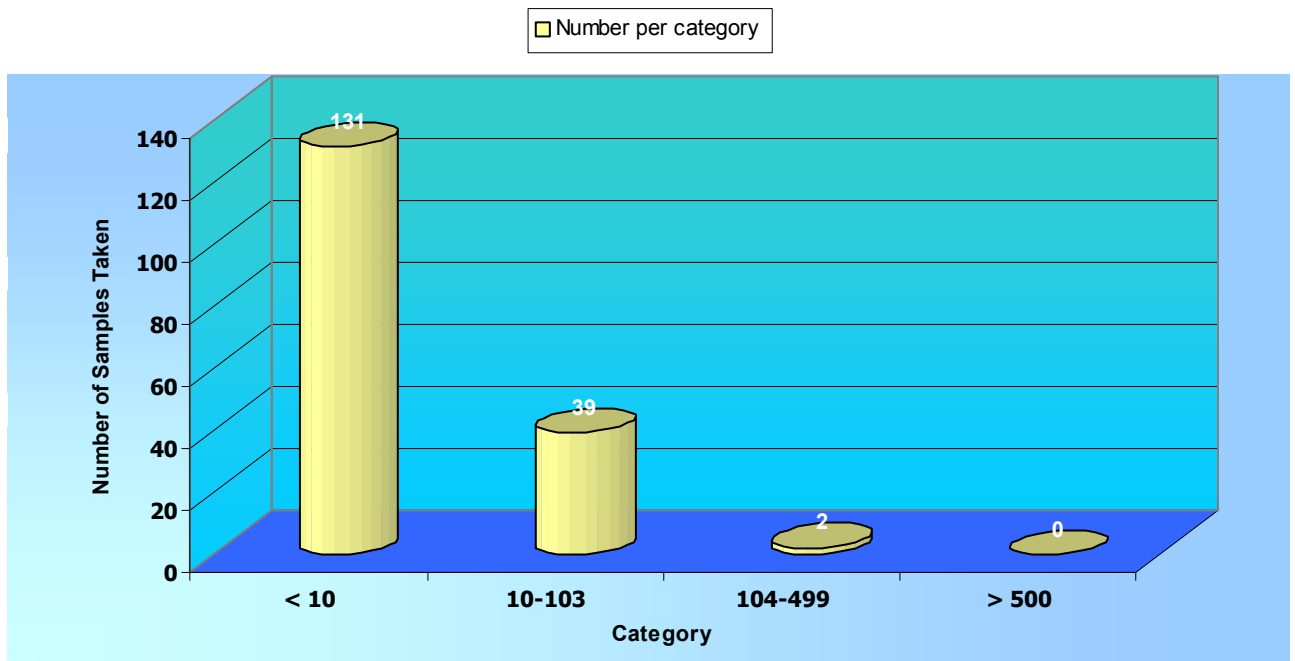

June 2008 Sample Results by Category

In May 2008, SC had 2 samples above the standard of 104. The locations of these stations and the value of the sample is shown in the chart below.

May 2008 Sample Results by Category

The graph above shows the total samples taken and how they ranked. Of 172 samples, 2 exceeded the standard.

2008 Ocean Water Quality Monitoring Results

Welcome . SC DHEC staff collect ocean water samples at 128 stations along our Atlantic coast from May 15 to October 15th. This site will show you the results of the lab analysis. The City of Myrtle Beach also samples the stations on their beaches separately and sends those results to DHEC. All monitoring results are reported here by month.

Monitoring results less than 104 indicate water quality is within standards. Any station sample ≥ 104 is resampled, except at those sites permanently advised. If the result is still over 104, the station is advised. Any station, not permanently advised, with sample results ≥ 500 is immediately advised. All advised stations are sampled daily until the result is under 104.

Station Locations

■ North Myrtle Beach	WAC-001 to WAC-009
■ Briar Cliff Acres	WAC-009A to WAC-011
■ Horry County	WAC-012 to WAC-015
■ Myrtle Beach	WAC-015A to WAC-025A
■ Springmaid Beach	WAC-026
■ Myrtle Beach State Park	WAC-027
■ Horry County Campgrounds	WAC-028 to WAC-029A
■ Surfside Beach	WAC-030 to WAC-035
◆ Horry County – Garden City	WAC-036 to WAC-037
◆ Garden City Point	WAC-038
◆ Huntington Beach State Park	WAC-039 to WAC-040
◆ Litchfield Beach	WAC-041 to WAC-043A
◆ Pawley's Island	WAC-044A to WAC-046
◆ Debordieu Colony	WAC-047 to WAC-048
◆ Isle of Palms	TRI-050 to TRI-056
◆ Sullivan's Island	TRI-057 to TRI-059
◆ Folly Beach	TRI-060 to TRI-067
◆ Kiawah Island	TRI-068 to TRI-072
◆ Seabrook Island	TRI-073 to TRI-074
◆ Edisto Island	LC-075 to LC-082
◆ Harbor Island	LC-083 to LC-085A
◆ Hunting Island SP	LC-086 to LC-091
◆ Fripp Island	LC-092 to LC-096
◆ Hilton Head Island	LC-098 to LC-111
● Daufuskie Island	LC-112

■ These sites are sampled weekly.

◆ These sites are sampled every other week.

● Daufuskie Island has been sampled once a month in 2008.
